Council petitions county over bridge

Anson, Hindon and Minden Council passed a resolution at their January 11 meeting requesting that the County Council review it's decision to maintain and upgrade the present Ingoldsby bridge.

The municipal council conducted a study by a consultant who recommended a new bridge in lieu of repairing the existing structure. The municipal

council also points out that money has been spent to acquire the necessary extra property, that plans have been drawn up for a new bridge and that the majority of taxpayers in Ingoldsby

have indicated that they want a new bridge.

It was also pointed out that costs have escalated since the first estimate of \$400,000.00 and will

continue to escalate.

The resolution asks that the County Council submit a report to the municipal council and the residents of

Ingoldsby explaining why the County Roads Committee reversed their decision to rebuild.

County council is expected to deal with the matter at today's (January 18) meeting.

Head Lake project could benefit county

A major resort development could be in the offing for Haliburton County according to information made public at a recent meeting of the Dysart municipal council.

It was revealed at the meeting that Sherwood Developments Ltd., has plans to create a 30 dwelling time sharing development on property adjacent to Head Lake in Haliburton Village. The property in question is part of the municipality owned Glebe Park, in which the Haliburton Highlands Museum is located.

Sherwood Developments had proposed a similar development for Spruce Lake near Haliburton Village over a year ago. That project has apparently been shelved in favour of the Head Lake development. Under the proposed scheme, individuals would be able to purchase a guaranteed time period each year at one of the 30 log structures to be

erected on the site.

According to Dysart Reeve Murray Fearrey, the development could prove to be a major boon to the county. "The initial cost estimated at \$7,500,000," Fearrey commented, "in construction costs and material. As well the

Construction costs estimated at \$7,500,000...

company has planned to spend over two million dollars in promoting the project. Each time they promote the development they will be promoting the Haliburton Highlands."

The reeve noted there would be spin-off effects once the development is complete, as visitors to the site will be purchasing goods and services from local merchants.

Fearrey said the offer to

sell the municipality owned park land to make way for the development has been accepted on a tentative basis. He said there were still various restrictions and agreements to be worked out between the developer and the municipality.

The municipality has had the land in question appraised and a value of about \$200,000 has been set for the 30 acres.

According to initial agreements, the developer would be responsible for the installation of roads, and sewers and would allow continued access to the cross-country and snowmobile trails which cross the property.

The council is expected to meet with the developer later this month to iron out the details of the land sale and project. If the project receives the green light, it is expected that promotion and construction could begin by late spring or early summer.

Ho hum, all this attention can to be a bit much after a while, but I guess that's the price of fame. Yes, I was the first baby born in Haliburton County in 1984. As for the details, well, my name is Christopher Butler; I was born in the Red Cross Hospital in Haliburton on January 8 at 11:51 p.m. and I weighed in at 6lbs 10 oz. This is my mother Lori; my Dad's name is Wayne and I have a sister whose name is Dawnita. I'm the grandson of Willard Butler of Richmond Hill, Valerie Nagels of London and Mr. and Mrs. Thomas Hill of Huntsville. Oh yes, I live near Minden and now I think, if you don't mind, I'll take a nap.

Stanhope noise by-law approved

The Township of Stanhope held their first meeting of the new year on Wednesday, January 11. The council members dealt with a wide range of issues mainly of a financial nature as they prepared for 1984.

By-law Enforcement Officer James Moore opened the meeting by informing council that the Chief Justice of Ontario had approved the noise by-law for the township. The new by-law, which was passed under the authority of the

Municipal Act, calls for a fine of \$53 to be paid to the municipality. This fine can be levied after the by-law enforcement officer receives a complaint about excessive noise. It can be paid through an out of court settlement.

Continuing his report to council Mr. Moore gave notification of a complaint he had received concerning a shore line encroachment. The complaint by a cottager on Kushog Lake referred to a rock filled wooden crib that had been constructed

by a neighbour on the road allowance in front of the cottager's property.

Council instructed Mr. Moore to write a letter to the neighbour requesting that the structure be removed since it had not been approved by the complainant or the municipality.

Following the report by Mr. Moore township clerk Gerald Bain read a letter from Mayor J. S. Jakes from the township of Georgian Bay regarding long term use of trailers situated

on campgrounds. The letter, which was sent to all municipalities in the province, asked for council's support in having the law changed.

Mayor Jakes pointed out that under present legislation seasonal or long term residents of trailers that are located on campsites make use of services such as hydro, weater and sewage but are not assessed taxes.

The mayor suggested that long term residents of trailers should be assessed for taxes rather than paying

a licence fee which is the present procedure under the present legislation.

Council will send a letter to the mayor expressing their support for a change in provincial legislation.

Borrowing

In further business council passed the municipal borrowing by-law which allows the municipality to borrow up to 70% of the needed revenue for the year. This will allow the municipality to borrow an amount

not to exceed \$400,000 from time to time throughout 1984.

Council also passed a by-law authorizing the township to charge a rate of 15% per annum of 1 1/2% per month interest on overdue taxes.

Committee reorganization

During a report from the recreation committee, council passed a resolution to amalgamate the Recrea-

(more on page 2)

Tracey Wainman skating at carnival

The Minden Figure Skating Club is pleased to have as their guest skater for this year's Carnival, Tracey Wainman. Tracey, as I'm sure everyone remembers, is the pert, lively, darling who captured all our hearts when she won the Senior Canadian Championship in 1981 at 13 years of age, the youngest person ever to have accomplished this.

She also won Skate Canada that year as well as placing tenth in the World Championships and was named Female Athlete of the year.

Tracey has matured a lot since then and is now an attractive, poised young lady of sixteen. While she has not been able to lay claim again to the Canadian crown, this year having been troubled with tendonitis, she is still a whiz on skates and has the potential to be an outstanding skater.

Tracey lives in Willowdale and is coached by Ellen Burka, at the Toronto Cricket, Skating and Curling Club. She is a high school student and enjoys acting and jazz as her hobbies.

The club is thrilled to have her come for our Skating Carnival and as part of the Kinsmen Winter Carnival.

Also appearing will be Ken Casler, a very accomplished skater from Toronto who will be partnering our senior coach, Jane Symons, for some Gold Dances.

Andrea Burk, our other coach, and of course all of the members of the Minden Figure Skating Club will appear as well to make another entertaining program for this year's Carnival on Sunday, January 29th at 2 p.m. See you there!

Tracey Wainman, Canadian figure skating superstar will be the guest performer at the Minden Figure Skating Club's annual presentation. The performance will be part of the Kinsmen Winter Carnival and is scheduled for Sunday afternoon (January 29) at the Minden arena.

Former road super offers road advice

Former road super-intendant Earl Hewitt appeared before Anson, Hindon and Minden municipal council to express his concern that the municipality was considering hiring a consultant to formulate changes in the snow plowing system.

Mr. Hewitt pointed out to council that he is still on the books as a consultant, adding "I have as much experience as the next person" and that he could not see the necessity of hiring another consultant.

Councillor Gary Kenny explained that the roads

advisory committee had been looking at different options for snow plowing. He added that "the committee felt there were other ways of improving the system" and that "we may very well prove that options don't exist."

Mr. Hewitt offered the opinion that committee "should leave the snow

plowing to the road crew" and that a suggestion raised during the committee meeting that the road crews could "carry their plows" to the end of the Brady Lake road and plow back towards Minden was "the same as leading a horse to the end of the trail and riding him back."

Do You Pitch-In?

Stanhope council meeting

(from page 1)

tion, Parks and Community Centre Committees. Council instructed the township clerk to advertise for members for the new committee.

Following the report by the recreation committee the council dealt with business pertaining to the roads department. Clerk Gerald Bain read a letter from the County Council in response to the township's request that the county assume control of the Buckslide Road. The letter notified the township that a decision will be made by the county after a classification review by a private consultant. The clerk also notified council that he had received a letter from the Ministry of Transportation and Communications concurring with council's decision to carry out a feasibility study on the widening of the Buckslide bridge. It was also noted by the clerk that the township spent \$256,512.40 on roads in 1983.

Grants

The meeting ended on a positive note when it was announced that the Ministry of Tourism and Recreation had approved a grant to the township through the Winter Experience Program. The township will receive a \$4250 grant to subsidize the hiring of individuals between the ages of 16 - 24 who have been unemployed for a minimum of 12 weeks.

The township will also receive a grant of \$4500 from the Ministry of Natural Resources through the Winter Experience Program. The funding will allow the township to hire two individuals for a period of 12 weeks. The grants will be used for the general maintenance of the cross country trail system and an expansion of the existing network of trails.

Ice racing season starts Saturday

The ice racing season begins this weekend in Minden. Some 45 to 50 racers are expected to arrive in the community Saturday morning for the first of five races which comprise the ice racing season.

The track at the Minden fairgrounds is ready for the action. According to Tom Prentice, local ice racing enthusiast and track builder, the wintry weather has been very helpful in creating the track. Since the first snowfall the track has been groomed with banked corners, hairpin turns and special pit areas carved out of the deep snow. During the past two weeks a tanker truck has carried hundreds of gallons of water from the river, coating the track with the requisite slick coat of ice.

The drivers taking part in this weekend's event will be embarking on the five race season. Four of those races will be held in Minden. During the season, the racers amass points based on their final position in each of three heats. The points go toward the ranking of the drivers at the end of the season.

This weekend's racing action is hosted by the Oshawa Motor Sports Club. During the winter carnival weekend the British American Racing Club of Toronto will be the host organization. A third race is planned for February 4 and 5 when the Peterborough Motor Sports Club will act as the host. The local racers are members of the Peterborough organization.

The action moves to Orillia February 11 and 12 when the Twin Lakes Motor Club and the Credit Valley Car Club are the host

A tanker truck spreads another coating to the ice racing track at Minden Fairgrounds getting it ready for the races this weekend.

organizations. The following weekend there will be no racing, unless a previous race date had to be cancelled.

The final race of the season is scheduled for February 25 and 26 here when the Toronto Automobile Club will be the host.

A number of local drivers

will likely be taking part in the race season this year. Tom Prentice, who has been involved for a number of years, will be racing again with his wife, Marg. Other local drivers expected to be taking part include Derek Box and Tony Pennick.

There are a number of different events with several

heats within each category. With careful planning and co-ordination, the track should be in use throughout the day.

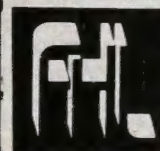

The racing begins Saturday morning and continues until about 4 p.m. The same schedule applies for Sunday. Admission for spectators is free.

NDP meeting

Mike Breagh, M.P.P. Oshawa, critic on municipal affairs for the Provincial N.D.P., will be the guest speaker at the joint Victoria - Haliburton Federal and Provincial New Democratic Party's Annual Meeting.

The meeting will be held in the upstairs lounge, at the Royal Canadian Legion Hall, 12 York Street N., Lindsay on Monday, January 30, at 8:00 p.m.

Mr. Art Fields, President of the Provincial Riding states "As well as an exchange of ideas on the role of our party, business at the meeting will include the election of officers."

New bridge needed

Anson, Hindon and Minden municipal council is right in questioning the wisdom of the Haliburton County road committee in its rejection of spending money to replace the aging Ingoldsby bridge. A motion expressing the council's concern was passed January 12 and the matter is expected to be discussed at today's County Council meeting.

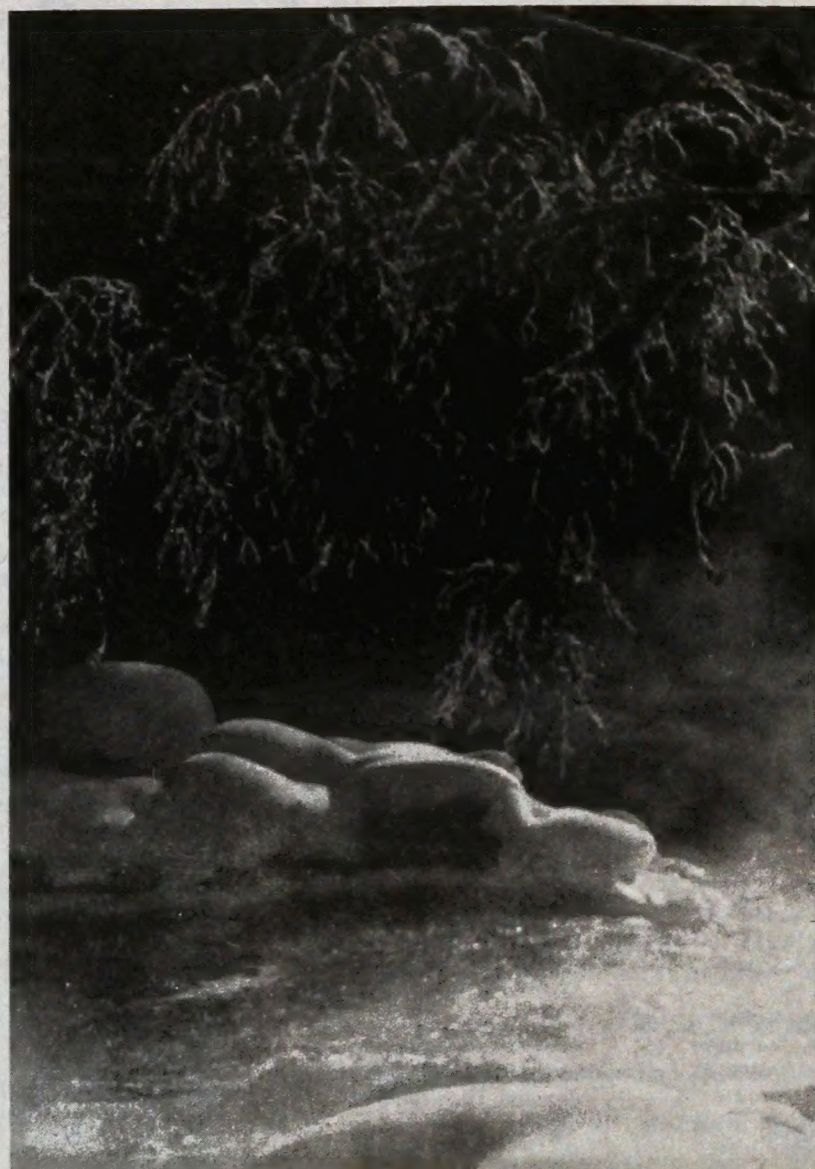

As the municipal resolution notes, thousands of dollars have been spent on bridge design and consultant work over an almost ten year period. As well county funds have been expended acquiring land through expropriation and defending their position. By choosing to ignore the option to replace the bridge, the county road committee has virtually thrown that money away.

Through the years of procrastination the cost of the structure has naturally increased. Putting off the inevitable replacement will only ensure that the construction costs will be higher and will, no doubt, result in even more consultant and engineering costs.

We feel the county should make the bridge's replacement a priority item. We also feel that any new structure should not result in reduced clearance for boats, even if it means increased construction costs. By ensuring there is no loss in clearance, the county will be eliminating one of the major concerns of seasonal residents and others who boat on the Canning/Kashagawigamog/Soyers/Head lakes chain.

A new bridge will also improve the status of South Kashagawigamog Road which must now cater to restricted loads because of the limitations on the present bridge.

The road committee is responsible for creating and maintaining an important network of connecting roads throughout Haliburton County. By refusing to bring the Ingoldsby bridge up to the standard of the road, the committee does a disservice to all county residents, especially those living in the Ingoldsby area. The committee should carry out its mandate and recognize the wisdom of the request of Anson, Hindon and Minden resolution.

outdoors

Federation of Ontario Naturalists

One of the more traumatic encounters with wildlife I had as a child, involved a porcupine. A friend and I wanted to get a close-up look at one we happened to spot balled up in the top of a young poplar.

We somehow coaxed it down. But then the trouble began. The family german shepherd discovered a new kid on the block and, well, you can imagine the rest. I never saw what happened in the veterinarian's office but learned a bit of a lesson, some of it in front of my father. Having since watched an accomplished practitioner in the act of quill removal, I feel a bit more prepared to handle the situation if it comes around again.

There are many theories about how porcupine quills can be removed from flesh. All of them are interesting. But pliers work.

Ideally, one should not pull out a quill. The porcupine quill is a modified hair -- seldom more than three inches long -- it bears scaly barbs which anchor it firmly in any flesh that the porcupine strikes with its tail. When one pulls on the quill, the barbs catch in the flesh.

All things being equal, the efficient means of removing a porcupine quill lies in pushing it through the flesh and out the other side. This prevents the barbs from catching in the flesh -- and it works rather well if one finds simple situations, such as a quill stuck in the fleshy ear flaps or the flesh between two human fingers. But one seldom finds such conveniently placed quills. The push system does not work well if the quill has been lodged in a position that would require pushing it through the dog's throat.

The average porcupine has about 30,000 quills covering its body from head to tail. That's enough live ammunition for more than one encounter with an unfriendly neighbour. In addition, it has the long guard hairs and short undercoat hairs that all mammals have. Porcupines are born with quills, but they are soft and flexible until the little animal dries out. Quills are replaced, but cannot be fired like bullets.

Porcupines are not vicious. They are defensive reactors rather than aggressive. They are activated by the proximity of another creature. When some other animal comes too close, they apparently do not trouble their small brains by weighing the degree of threat. Instead, they stop it with their tail. Thus when an over-friendly cow wanders nose-to-nose with a porcupine, the cow usually ends up with a muzzle full of quills.

letters letters letters

Editor:

With regards to the letter last week from the hunter, trapper, and dog owner. Sir I am not misinformed about the damage done to the deer by roaming domestic dogs. But neither am I misinformed about the damage done to deer by their natural enemies in the animal world, and by man every hunting season.

Rest assured that the deer my dog died to save will be available for dinner for a wolf, or as the healthy recipient of a hunter's bullet. That is my objection to the law as it now stands, and the Ministry's practices in this regard. They are simply trading off one form of violence for another, primarily to protect the coffers in Queen's Park. Unfortunately such diligent protection is not always afforded to many other equally deserving wild animals, because they suffer the misfortune of not representing the cash return that the deer do.

It somehow sickens me, that the Ministry will shoot a dog that chased a deer, but didn't harm it, and let a dog go that killed a deer. Somehow I have difficulty in seeing how this is meeting

the problem head on. I was given seven precious minutes to try and calm down my excited pet, while a conservation officer stood by with his rifle waiting. Had my dog attacked the deer, I would not be writing this letter today.

As a trapper you can

relate to the fellow who interfered when I had my dog almost in my truck, and who's actions contributed to my dog being shot... apparently he is a trapper! Can you relate to the trapper who set a muskrat trap out

(more on page 5)

Sue Pye successful in Times challenge

I was caught. Yes, it's true. Last Friday noon, after returning from a busy day in Oakville, the editor and publisher of this newspaper you hold in your very hands, was caught without his Minden.

Late last year I pledged to wear the word Minden on my person for 366 days of 1984, as a personal 125th anniversary project. I offered anyone a free year's subscription, or an extension of an existing subscription, if they caught me without my Minden. The only criteria was that they must be wearing something with the word Minden on it and show it first before I had to show mine.

Sue Pye, waitress and sous chef at the world famous Rockcliffe Tavern Snack Bar and Pizza Emporium, who I might point out, always wears a Rockcliffe, Minden shirt as part of her uniform, was the one who caught me. Lulled by a day in the big city, I returned prepared for the challenge and she caught me.

Sue, who is already a subscriber to this illustrious journal, will have her subscription extended for another year. Congratulations to her!

The challenge still stands, so show me your Minden and I'll show you mine.

in Kinmount, a trap which wound up on the foot of a neighbour's cat. The poor animal managed to drag the trap home, and went into hiding for several days. By the time the animal was found, part of his leg had to be amputated to save his life!

As a hunter, can you relate to the hunter who put a bullet a few feet over my head at work, while he was hunting on private property without permission, and didn't bother to check out where he was shooting. Can you relate to the sight of small fawns I have seen stuffed in car trunks in hunting season. Can you relate to the hunter that blew the lower jaw off a deer, then let the animal escape. A year later another hunter fortunately put the luckless, half starved animal out of its misery. Can you relate to the hunter who blew a friend's dog away, and almost shot his master, because he thought he was a deer?

As a dog owner can you relate to dogs that are shot, or simply left to starve in the forest by their masters because they didn't run deer. Sir I have many friends who are hunters, and I respect their rights, but I also expect them to respect mine. I don't do them the disservice of judging them on the actions of other irresponsible people, maybe you should extend me the same courtesy.

As for Mr. Mitchell's letter I am sick and tired of having the incident with my dog compared with the one in Carnarvon. In Carnarvon, the deer was so badly

injured it had to be destroyed, and the dog was let live. In Kinmount the deer had only one cut on one front foot, and it survived, but my dog didn't! It's too bad for my dog that he wasn't in Carnarvon. There certainly has to be something wrong here if people have to keep justifying the shooting of my dog, by ignoring the circumstances, and describing the death of some poor deer in Carnarvon. At least I was there trying to get my animal back!

As far as tranquilizers and other devices are concerned, if everyone had taken the

negative attitude toward constructive change the Ministry appears to want to, none of the advances in science and medicine that have taken place over the years would have come about. I don't plan on acquiring any more dogs, given the way my last dog died. But if other dog owners are concerned for

the welfare of their animals, they had better see that things change.

I used to have a great deal of respect for the Ministry of Natural Resources, but this incident has certainly

diminished that. I question the judgment of Officer Tomlinson, and I question the law that permitted this to happen. I would also remind all those people who have been invited to phone the Ministry, if they see a dog chasing a deer, that they might be performing a more compassionate, and responsible service by trying to phone the dog's owner first, and saving everyone a lot of grief.

Roland L. Hamilton,
Kinmount.

Council briefs

Items from the January 12 meeting of Anson, Hindon and Minden municipal council.

Kinsmen Day

President of the Minden Kinsmen club, Doug Ripley then presented a proclamation from the National Executive of the Kinsmen Club of Canada requesting that council declare February 20 Kinsmen Day. Mr. Ripley noted that this date would be the 64th anniversary of the founding of the service club. The president also requested that the week of February 19-25 be declared Kinsmen week in the municipality. Council agreed with the request and passed a resolution putting it into effect.

Bus depot

Clerk Treasurer Elinor Burke read a letter to council from a Minden resident regarding the

relocation of the bus depot. The letter pointed out that the new location on the highway was very inconvenient for people who live in Minden who must pay taxi fare to and from the depot.

Reeve Lyle McKnight commented that he had received a number of complaints particularly from senior citizens. He agreed with councillor Kenney's opinion that "we shouldn't meddle in private business" but added that he was concerned that business was moving out to the bypass.

Councillor Pat Burke expressed the opinion that "it is private enterprise but it is also a public service and I feel the (bus) company should be concerned with senior citizens."

Council decided to investigate the matter further.

Accounts

Council went on to approve payments for the following accounts.

General—\$56,753.22

Water—\$12,789.76

Sewer—\$21,955.44

Deputy Reeve Ed Pergolas also pointed out that the Hydro costs for the water purification plant for 1983 amounted to \$11,280.

Visitors drop in 'for groceries'

Marg Prentice wasn't too sure who dropped in on her Saturday afternoon, but she is sure they didn't come for the groceries they claimed they were after.

Marg was in her home on Prince Street when she looked out her front window and noticed what appeared to be a light aircraft traversing the field across the street from her home, straight for the back of a house under construction.

When the swirling snow thrown up by the propeller finally cleared, sure enough it was a light aircraft. "I didn't know what was happening," Marg commented, "I thought they were going to crash into the back of the house across the street."

The aircraft, equipped with skis, had set down on an open field with a slight incline to the right. Marg noticed one of the two passengers get out of the machine. She went to see if there was a problem.

"The man told me he was there to get some groceries," Marg commented.

However, the pilot seemed to have some second thoughts about his choice of a landing field. He asked Marg's son Jack to pack down a four foot wide path with his snowmobile, following the track the plane had made when it landed. When that was completed, the aircraft turned around, again kicking up a cloud of snow, and raced across the field, just clearing a house as it left the ground.

The aircraft's landing also attracted the attention of the local detachment of the Ontario Provincial Police, whose office is located just over the hill. As the craft was taxiing for its takeoff, a cruiser arrived on the scene, but by then the pilot had started the run down the improvised runway and was airborne before any questions could be asked.

Those familiar with the area where the airplane landed will be aware that there are no grocery stores in the immediate vicinity. However, the beer store and the LCBO is located on the next block over.

Mix and Match A Rainbow of Flavours

from the chamber

Whenever we visit friends "in the big city", the question keeps coming up "What do you guys do up there all winter? Don't you get bored?" If this happens to you as well, clip out this column and send it off with the note saying, "if we ever can get the time, we're coming to the city for a rest."

The activities listed below are just the start of an exciting winter here in Haliburton County. There are many, many more to come. I've begun to wonder just what they do in the city all winter, surely they must get bored.

January 6-21 - Rails' End Gallery, Haliburton is featuring some excellent photographs by Freeman Patterson. His images (the word pictures don't do them justice) have won him the National Film Board of Canada Gold Medal.

January 12-February 27 - The late Dr. Agnes Jamieson devoted much of her time to creating beautiful watercolours & acrylics. A selection of which will be on display at the gallery named in her honour in Minden.

January 20 - 22 - The Haliburton Village Curling Club is hosting the Skyline Curling Bonspiel.

January 21 - The Haliburton County Snowmobile Association presents Snowmobile Snocross Races. These races are sanctioned by ORSF and sponsored, in part, by Yamaha. There are cash prizes for the winners. There are also 3-wheel ATC races with cash prizes. All races are being held at the Minden Fair Grounds on Ontario's premier natural terrain Snocross track.

January 21 - 22 - Car Racing on Ice at the Minden Fair Grounds.

January 27-29 - Carnival Weekend - Minden - The Annual Minden Winter Carnival sponsored by the Kinsmen Club of Minden. The theme this year is "Heritage" in honour of Ontario's Bicentennial and the 125th Anniversary of Anson, Hindon and Minden. There's a big parade, a Carnival Queen, ice sculpture, an Antique Snowmobile exhibit and much, much more. Minden Curling Club Mixed Bonspiel. Novice Hockey Tournament, Minden Arena. Pancake Breakfast (Sunday) at the Minden Community Centre. Skating Carnival (Sunday, 2 p.m.) at the Arena, featuring Miss Tracey Wainman and Ken Casler.

There is a law

At this time of year many people are enjoying out-of-doors winter activities such as ice fishing, snowmobiling, cross-country skiing or even tobogganing and ice skating.

Whatever the activity, it is always a pleasure to find recreation areas unspoiled. Unfortunately this is not always the case. Favourite spots are too often found littered with lunch refuse, pop and beer bottles or tins, and other garbage. Each season many sites must be cleaned up by other concerned persons, or in many cases, by staff from the Ministry of Natural Resources.

How many times have

you seen where thoughtless persons have left garbage and debris along your favourite trail or around your favourite ice-fishing spot, and muttered to yourself, "there ought to be a law?"

Take heart! There is a law and if violators are caught, they can be prosecuted. There is provision under the Public Lands Act whereby an offender is liable to a fine of up to \$500.00.

When the March 31st deadline approaches for removal of fish huts from our lakes, a genuine effort to ensure that the sites are left clean and tidy should be an accepted responsibility of all good sportsmen. The same applies to winter trail users

in the area.

After all, if you can pack it in full surely you can carry out the empty container. A

good example to others in this regard may just be contagious.

Snowmobile accidents result in fatality, injuries

A driver of a snowmobile is dead following a collision between the machine and a pick-up truck on Moose Lake Road in Harburn Township. The mishap occurred January 15.

Dead is 33 year old William Charles Mitchell of Toronto.

The accident occurred as Mitchell was travelling along the roadway and was rounding a curve. He met the pick-up truck driven by Arthur Armstrong, 27 of Oshawa. Mitchell's snow

machine slid sideways and struck the left front of the truck. The snowmobiler sustained injuries to his chest as well as internal injuries. He died at the scene of the accident.

Armstrong has been charged with failing to share half the roadway.

Constable Ken Wesley was the investigating officer. Dr. Antony Holliday-Rhodes was the coroner. A post mortem was conducted Monday at Peterborough Civic Hospital.

Strikes a car

A snowmobile driver and passenger sustained injuries following a collision between the machine they were riding and a car. The accident occurred January 14 on the Contau Lake Road in Glamorgan Township.

According to the police report, Darwyn Mintz 22, was driving the snowmobile which struck a car driven by John Majoran, 24 of

Downsview. Mintz sustained a broken arm and received injuries to his chest. He was taken to Civic Hospital in Peterborough. A passenger on his machine, Cathy Craftchick, 16, of Gooderham, was treated at Haliburton Red Cross Hospital for lacerations.

The snowmobile sustained \$1,000 damage.

The investigating officer is Constable Wim Magee.

Snowmobiles crash

Two snowmobile drivers

have been charged with failing to report an accident following a collision which took place January 14 on Depot Lake in Eyre Township. The lake is just north of Haliburton Lake.

According to the police, the pair were travelling across the lake on separate machines, when one turned right and was struck by the other machine. The collision resulted in \$2300 to the two machines.

The two drivers, Daniel Fiorini, 21 of Oro Township, and Bradley Fraser, 20

of Aurora, were both charged with failing to report the incident.

According to the police, "The Motorized Snowmobile Act requires that everyone in charge of a snow machine that is involved in an accident where personal injury results or damage apparently exceeds \$400, must report the accident forthwith to the nearest police."

The accident was investigated by Constable Dave Rogers.

Conviction

A man who assaulted the driver of the local taxi service last spring has been sentenced to 30 days in jail plus a year's probation. The conviction was handed down January 11 in Provincial Court in Lindsay.

Charged and convicted was Paul David Wilkinson, 19, of Lindsay. He was charged following an incident in May of last year in which Ed Pritchard, operator of Ed's Taxi Service, refused to transport the accused in his vehicle because of the abusive attitude of the individual. As a result of the confrontation Wilkinson kicked and punched Pritchard, knocking him to the ground.

Sentenced

Following a series of incidents in Haliburton Village, an 18 year old man from the community has been sentenced to 11 months in jail. Scott Andrew Mitchell appeared in court in Lindsay January 12.

The conviction followed a series of events in Haliburton including break-ins at the liquor store, assaults and causing wilful damage.

Association concerned about flotsam

A pile of driftwood on an island in Big Bob Lake has a number of area property owners upset.

By-Law Enforcement officer Richard Schell read a letter at the January 12 meeting of Anson, Hindon and Minden municipal council from the Big Bob Lake Cottagers Association concerning a pile of driftwood that had been placed on the shore of an island on the lake.

The Association was concerned that the pile of stumps and driftwood was causing silt and debris to build up and was becoming an unsightly hazard to boats.

Deputy Reeve Ed Pergolas noted that if the owner of the island had placed the stumps on the road allowance that he should be asked to remove them. Reeve Lyle McKnight agreed pointing out that the owner doesn't have the right to dump on municipal property unless he has municipal approval. Council passed a resolution asking the owner to remove the pile of driftwood.

Queen's Line

Next on the agenda was a discussion with Wilfred Ackerblade, a property owner on the Queen's Line Road.

The municipality wants to brush out and survey the road in order to acquire deeds for the road allowance from property owners adjacent to the road. Mr. Ackerblade pointed out that the road bed has changed several times in the past along the road allowance. Councillor Gary Kenney, a member of the roads committee, suggested that one sharp corner should be improved before the deed is finalized.

Council decided to forward the problem to the roads advisory committee for further review and agreed to share 80% of the costs to complete the survey and prepare the necessary deeds.

Log home construction

Council then turned its attention to a request by Pat Murphy Construction to have a by-law changed to

allow him to construct custom built homes on a temporary foundation on lot 4 concession A (former G. Glass property) in the village of Minden.

Councillor Gary Kenney offered the opinion that log homes construction was an "excellent type of industry" but that his "main concern lies along the lines of public safety, vis a vis, the stockpiling and manipulation of heavy timber."

The councillor also expressed his concern about the use of chemicals used to preserve the appearance of logs and the need for some noise control.

Mr. Murphy assured council that an on site inspection each night would ensure that the area was safe. He added that there would be no problem with pedestrian traffic since he wouldn't be working right beside the road. He also added that he did not intend to use the possibly harmful chemicals mentioned by councillor Kenney.

In regard to the problem of noise, Mr. Murphy stated that there would only be "an intermittent use of chain saws" and that "the property is far enough away from a residential area that noise won't be a problem"

Council resolved that Pat Murphy Construction be permitted to operate a retail Log Home Construction Company on the property and requested a letter of intent from Mr. Murphy dealing with the areas of concern and suggested that the contractor meet with the council at some future date to deal with the use of chemicals on the job site.

Students Visit

During the morning break the visiting students from Archie Stouffer Elementary School met with the members of council and were presented with an official Anson, Hindon and Minden pin.

As the students left the council chambers to return to classes they unanimously agreed with one student's opinion that attending the council meeting was "better than being in school."

Office improvements

After the break the municipal engineer Godfrey Saunders presented the council with plans for the proposed revisions to the municipal offices.

The new offices will be located in the space formerly occupied by the ambulance service. The municipal engineer estimated that the revision would cost \$19,350 which was well below the original estimate of \$30,000.

Mr. Saunders asked council for instructions as to whether to proceed with the project and for further suggestions on the proposed changes.

Deputy Reeve Ed Pergolas suggested that a room divider should be built

to provide space for lawyers and their clients who are attending court. Reeve Lyle McKnight saw a need for a room that would allow councillors to meet privately with constituents or committees.

Municipal clerk Elinor Burke told council that the federal government would provide three people through an employment program. Council approved the proposed revisions and instructed the municipal engineer to proceed with the work.

Road survey

Council then directed its attention back to the township roads system during a discussion with Don Glashan from the

Ministry of Transportation and Communication. Council had been seeking financial assistance from the MTC to conduct a roads needs study.

Mr. Glashan informed council that under the criteria established by the MTC the municipality of Anson, Hindon and Minden does not qualify for financial assistance because the population is too low. Mr. Glashan advised the council to conduct an in-house study of the road system and offered his assistance in providing advice, technical manuals and inventory forms. The members of council advised the roads advisory committee to carry out the study.

YBC News

by Lora Patton

For the first week back in the new year, the scores were very good.

Bantams: Highs for girls were: Single - Angie Carpenter with a 182, Angie also bowled a 399 triple and also this week had the high average with 133. The boys did equally as well. High

Single for this week was John Patton with 136, High Double - Timmy Robinson with 179 while the triple was taken by Danny Reid with an excellent 364. John Patton holds the high average with 124.

Juniors: The Junior highs are as follows: Single - 241 by Tony Rutledge who also took the Triple High score

with 632. Junior high average is held by Darwin Bell with 185.

A special guest bowling with the YBC this week, Amanda Robinson aged 3, bowled a score of 19.

If you are between the ages of 4 and 18, come out and join us Saturday mornings at 10 a.m. at Carnarvon Lanes.

Report for Saturday, January 14.

This Saturday was the family twosome tournament. However not all the 'twosomes' bowled so instead of the results for this, I have the results of an earlier one. This was the 'Buddy' tournament. The three winners are as follows: Kimmy Robinson and her 'buddy' Angela Camelon,

Timmy Robinson and Michael Martin, and last but not least Lora Patton and Sheri Whiteway. These six captured the win.

Come out and join us Saturday mornings and you may be the next to win!

Atoms

The Minden Atoms travelled to Haliburton Friday evening for a game against their counterparts in that community. It looked as though Minden had the game in the bag, until, with five seconds left to play, Haliburton managed to score, creating a 4-4 tie.

Rob Ackerblade scored all the goals for Minden. Two were unassisted while Mike Muli and Phillip Boyle assisted on the others.

The team travelled to Bobcaygeon Saturday to take part in a tournament organized by the minor hockey association in that community. They scored their first shut-out of the season in the first game, defeating Oakwood 3-0.

The first goal was scored by Robie Ackerblade with the assist going to Phillip Boyle. The second marker was scored by Darren

Sawyer, with assist from Mike Muli, while the third goal was scored by Randy Bull, unassisted. Aaron Hie was in nets for Minden and, needless to say, turned in a great game to claim the shut-out.

The team was eliminated in the second contest as they met Haliburton and were unable to score a single goal. The final in that match was 4-0.

The schedule

Thursday, January 19: 7 p.m. Haliburton Atoms at Minden.

Friday, January 20: 8:00 p.m. Gravenhurst Juveniles at Minden.

Saturday, January 21: 2:30 p.m. MacTier Pee Wees at Minden.

4:00 p.m. Haliburton Bantams at Minden.

5:30 p.m. MacTier Mid-gets at Minden.

from the hack

Justin Kidding

Now that the granite dust, stray straws, and nuisance horse hairs have been swept from the ice, it's time to analyze our first schedule of sore muscles, bruised egos and missed shots.

At the start of the schedule John Dicker stated that he was the best, so why shouldn't he win. Pomposity aside, he really did win. But not until ends were counted to break a three way tie for top spot.

You see, Dicker, Bill Obee and Stan Blears all ended up with 60 points from six wins and three losses. However, we begrudgingly gave John and his team of Keith Oitment, Herb Gill and Bob Glenn top spot. Polite applause, please.

Then second place went to a surprisingly strong team

of Stan Blears, Al Mayo, Bill Holding and Peter Franzen. Not that we doubted that the supporting cast was strong, but Stan pulled a turnaround and made key shots when they were needed.

Well, I guess the joke's on us. Now that Bill Obee is near, the top is no surprise. His third place finish is a credit to his hot-shooting team of John Dillon, Roy 'Rene' Simard and Gord O'Brien. And Bill is no slouch, either!

The final playoff spot was close, as four teams tied for it with 40 points each. However, Jim Burton, J.O. Jackson and Jerry Pillsworth took nine games to get 40 points, while Paul Mayo did it in only 8 games, so he got the nod. Paul's team of Mike Amyotte, Peter Jennings and Harold Cowen had 4 wins and 4 losses and now enter the playoff round. They all discussed each shot and, perhaps, this brain's trust helped them along the way.

But, this league's big surprise is the number of great curlers who didn't make the playoffs. Guys like Jackson, Thomas, Burton, Pillsworth, Thomas, Roodenburg, Thomas. Amazing! J.O. had a super team of Paul Heffer, George Hewitt and Colin McKelvey and yet four wins and five losses was the best they could do. Ditto for Jim Burton, Norm Harrison, Howard Scott and Mike Brown. And even after slipping the drawmaster a 'fiver' for a strong team,

Hartwick, Home winners in high-scoring games

Action continued in the Men's Recreational Hockey League on Monday evening at the Minden Arena. Both games played were high scoring closely matched contest that saw Hartwick Construction and Home Hardware emerge as winners.

In the first game Hall's Insurance was ahead of Hartwick 4-3 at the end of the first period, but by the end of 40 minutes of play Hartwick had pulled ahead 7-6. Hartwick added four more goals in the third period to clinch an 11-9

victory.

Top gun for Hartwick was John Barkwell who scored four goals and four assists. Steven Crowe added two goals and a pair of assists in the victory. Dean Hewitt was the big shooter for Hall's with four goals and an assist.

In the second game of the night Home Hardware defeated the first place Rockcliffe Foamblowers 9-8.

Home jumped into an early lead outscoring the Blowers 4-1 in the first period. The teams were more evenly matched in the

next two periods but Home maintained its lead and won the game 9-8.

It was a night for hat tricks for the team's top players. Barry Shaw and Ted Vasey connected on three goals apiece for Home while Harris Steele scored three goals and an assist for the Rockcliffe team.

All four teams will be competing next Monday evening at the Minden arena. The first game begins at 7:00 p.m. and the second game gets under way at 8:30.

There is no admission charge for the games.

Rustlers Roundup

by Doug Macnab

The Rockcliffe Rustlers of the North Victoria Hockey League were edged by a slim margin last week. Fenelon Falls squeaked by with an 8-6 victory in spite of an early lead. In a third period come-back the Rustlers notched 5 goals to turn what had been looking like a rout into a respectable match.

This third period onslaught so unnerved the Fenelon club they cancelled their Saturday rematch. Then Coboconk pulled a last minute cancellation on Sunday. Our apologies to anyone who came out to these games.

The Rustlers' next game is on Saturday, January 21st against Lindsay at 8:30 in Minden.

Fenelon takes tournament trophy

The Fenelon Falls Pee Wees walked away with the hardware Sunday evening at the close of the Minden Rotary Pee Wee Hockey Tournament.

The team defeated Bowmanville 4 - 1 in an exciting finish to an action packed two days of hockey at the Minden arena.

The winner of the consolation championship was St. Alphonsus of Peterborough. They notched a 5 - 1 win over MacTier to claim secondary honours in the event.

The Minden team was eliminated after two rounds of play. They were defeated by Haliburton in the opening game, 5 - 3, and in the quarter final round of the consolation series by St. Alphonsus, 5 - 1.

The Haliburton team did not fare much better. After defeating Minden, they lost to Fenelon Falls by a 2 - 1 score and were eliminated from further play. Each team was guaranteed two games.

Fourteen teams took part in the two-day tournament. Fifteen were scheduled, unfortunately one Oshawa entry arrived without proper certification and were not allowed to participate in the event.

Scott Russell proved to be the marksman for Minden, scoring all of the team's goals in the tournament. He opened the scoring in the first game with two unassisted efforts in the first period. Jeff Francis responded for Haliburton before the period ended.

Scott recaptured the two goal lead early in the second frame with the assist going to Craig Smith. However, another goal by Jeff Francis and one by Greg Scheffee

evened the score for Haliburton. Assists went to John Vuksic and Philip Johnston.

Haliburton scored two more goals in the final period to claim the win. Scheffee scored on an unassisted effort while Kelly Youngdale added the insurance marker with the assist going to Jeff Francis.

In Minden's second game, Scott Russell scored late in the third period to spoil the shut-out for St. Alphonsus. The visitors had netted a single in the first and third periods and three in middle frame to give them the five goal edge.

Fenelon Falls received the Rotary - Cavalier Pepsi Challenge trophy for their championship victory while the runners-up Bowmanville were presented with the Dr. and Mrs. Holliday-Rhodes trophy.

The consolation championships, St. Alphonsus, also received the Rotary - Cavalier Pepsi Challenge trophy with the runners-up, MacTier, being presented with the Gordon Heppleston Memorial Trophy.

Tournament organizers, members of Minden Minor Hockey, were pleased with the way the tournament was carried out. In particular they appreciated the many volunteers who assisted at the arena and who offered to take the players as over-night billets.

The following is a run-down of the tournament action:

Opening round: Haliburton 5 - Minden 3; Fenelon Falls 6 - St. Alphonsus 1; Bracebridge 5 - Oakwood 0; St. Johns (Peterborough) 4 - Oshawa Canadians 2; Oshawa Bruins 4 - MacTier 2; Sundridge 4 - Ottawa 1; Bowmanville 3 - Orillia 1

Garth Gammon, representing the Minden Rotary Club, presents Andrew Faulkner of the Fenelon Falls Flyers Pee Wee hockey team with the championship trophy following a two day tournament at the Minden arena. The Fenelon squad defeated four other teams to claim the Rotary Cavalier Pepsi Challenge trophy. 14 teams took part in the annual event.

Both the Peterborough goalie and the Minden forward have their eyes on the puck during a Saturday afternoon game at the Minden arena. The action was part of the annual Pee Wee Tournament held during the weekend. The local team was eliminated after two games in the tournament which featured a high calibre of play and sportsmanship.

(both these teams advanced to the semi-finals in the championship and consolation round as the tournament was short two teams).

Championship quarter final: Fenelon Falls 2 - Haliburton 1; St. Johns 3 - Bracebridge 1; Oshawa Bruins 4 - Sundridge 2. Semi-finals: Fenelon Falls 5 - St. Johns 3; Bowmanville 4 - Oshawa Bruins 2. Championship game: Fenelon Falls 4 - Bowmanville 1.

Consolation quarter finals: St. Alphonsus 5 - Minden 1; Oakwood 8 - Oshawa Canadians 1; MacTier 3 - Ottawa 3 (MacTier wins having scored the first goal of the game). Semi-finals: St. Alphonsus 4 - Oakwood 1; MacTier 4 - Orillia 1. Consolation championship: St. Alphonsus 5 - MacTier 1.

- There will be two categories -

- (a) Juniors: to age 14 by December 31, 1983
- (b) Seniors: age 14 and up
- (2) All contestants must be single
- (3) Contestants must not have won the contest in the last two years
- (4) The winners will be required to attend the major functions throughout the carnival
- (5) For judging purposes, winter attire should be worn
- (6) All contestants must submit or bring to the contest a brief written resume of their background

Sponsorship is pre-arranged by the
Minden Kinsmen Club.

Curlers shine in Cannington

Minden took five teams to a men's bonspiel in Cannington, recently and returned with three of the top four spots, including the grand championship.

Bill Dillon's shorthanded crew of Charlie Muli and Barry Marshall posted three consecutive victories and captured all the hardware in the Cannington Farmers 'Spiel, held January 7th. The boys curled well and were in command of all their games, wrapping up the final contest by a 13-1 count.

A Cannington team that defeated Dwight Thomas in their final game, took second place while Thomas' crew grabbed third spot. Thomas and his team of Don Blakey, Shane Blakey and Lawrence Loughheed defeated a Cannington entry 9-6, by stealing three in the final end of their first tilt, then stomped the Cannington firefighters in game two.

Meanwhile, Jerry Pillsworth's foursome of Frank Franzen, John Beachli Sr. and Peter Franzen also won

two out of three games and ended up tied for third place with Thomas. The two teams were tied in points, tied in ends won and tied in points scored. To break this unusual tie, points allowed were tabulated and Thomas got the nod for third place having allowed just 12 points while Pillsworth allowed 15 points in three games. It is very rare to have to use a third system of tie-breaking - such was the level of competition.

Also entered from Minden and posting one victory each were the teams of Herb Roodenburg, Keith Oitment, John Dillon and Peter Jennings; and the team of Bill Roodenburg, Ron Foran, Howard Scott and Kirk Taylor. It was one of the best showings by Minden curlers in out-of-town bonspiels in a few years and is indicative of the calibre of curling Minden can now be proud of.

Sutton 'Spiel
In other bonspiel action

last Saturday, Jerry Pillsworth, Frank Franzen, Peter Franzen and Frank's father-in-law competed in a cash 'spiel in Sutton. Although winning two of their three games, the boys did not accumulate enough points to enter the prize group. They did, however, curl well; their only setback being a 12-2 thrashing by a Newmarket entry.

In the second game they rebounded for an 8-6 victory over Earl Yake of Uxbridge, and followed that with a 7-6 win over a top Sutton team.

However, while Jerry and the boys were winning in Sutton, Don Blakey and his quartet of Dwight Thomas, Shane Blakey and Keith Oitment were taking it on the chin at a cash 'spiel in Lakefield. Although the level of competition was

good, the Lakefield ice was inconsistent, with many rocks losing handles and picking up debris on the ice.

Con and the guys lost many rocks to these problems and couldn't overcome both the competition and the ice conditions. However, they reportedly had a great time with a team from Pembroke emerging as the champions. A jug of joy juice was raffled off with Ted Collins of Lakefield being the winner. He kindly presented it to the Minden team for their good sportsmanship.

The Minden club is pleased with the number of local teams entering out-of-town bonspiels as this can only assist with more out-of-town teams returning to our bonspiels. Thanks curlers.

(Prepared by Dwight Thomas).

From the hack

(from page 8)

Jerry Pillsworth had the same record. Look at his team: Jerry McKelvey, Lawrence Loughheed and Frank Franzen. Could he really have been trying or is this just a ploy to get an even stronger team in the second schedule?

The biggest surprise, however, is the two teams that ended up with three wins, six losses and 30 points and tied for dead last! Dwight Thomas, in total collusion with his vice-skip and club president Bill Dillon, had hand-picked Rick Boucher and Murray Beetlestone as the team to beat-but some teams took it literally and did beat them-

many times. Ah...the best laid plans...I bet Dillon and Thomas will set up the next schedules teams with vengeance in mind-so watch out.

And finally the Roodenburg entry of Ken Fielding, Syd Adamson and Ken Wesley...who would have thought they would end up near the bottom. The team has good shooters and with Bill perfecting the hit, wick, double raise takeout and roll, how could they miss? Oh well, I guess luck abandoned them this time around.

Next week we'll have the playoff results and the lineups for the second schedule.

Huskies offer play-off preview in weekend games

In what may be a preview of play-off action, the Parry Sound Shamrocks and the Haliburton Huskies hosted each other over the weekend. Parry Sound, in second place in the standings tied, then defeated the third place Huskies in two evenly matched, close checking games.

In Friday night's game in Parry Sound, captain Scott Arbuthnot opened the scoring for the Huskies at the 5 minute mark. Assists went to Mike McNaull and Scott Rae. The Shamrocks answered with a goal less than 5 minutes later then Scott Arbuthnot put the Huskies ahead 2-1 after a pass from Ron Yake.

50 seconds later Scott Rae made it 3-1 on an assist from

Mike McNaull. Parry Sound added one more goal before the end of the period to narrow the gap.

The Shamrocks hit early in the second period to tie the game at 3 all before

Kevin Shapiera put the Huskies a goal in front at the 6:14 mark with help from Mike McNaull and Ron Yake.

Greg Newell and Scott Rae then combined on a pass play to Ron Yake who scored to put the Huskies ahead 5-3 at the end of 40 minutes of play.

The third period belonged to the Shamrocks who scored early then added two more goals to put them ahead 6-5. With only 52 seconds left in the game Ron Yake scored for the Huskies to tie the game at 6 goals apiece.

With two goals and a pair of assists Ron Yake made a significant contribution to the team in his first game with the Huskies this year.

Sunday game

On Sunday afternoon at the Dysart Arena the Huskies and the Shamrocks put on another fast skating, closely matched exhibition in front of one of the smallest crowds of the

Huskies' centre Dave Nicholls breaks in around the Parry Sound defence during second period action on Sunday. Nicholls, who is the league's top scorer added four points to his total but his team was defeated 6-5 in front of the home town fans.

season. Once again the Shamrocks dominated the third period and came up with a 6-5 victory over the home town team.

The Huskies came on strong early in the period, hitting the post twice but it was the Shamrocks who scored first halfway through the first period. Just over a minute later Dave Nicholls tied the game while the Huskies had a two man advantage. The Huskies made it 2-1 on another power play when Ron Yake connected on a quick shot from the back of the face-off circle.

Two minutes later the Shamrocks evened the score on a hard slapshot from their left winger. With five minutes left in the period Kevin Shapiera took a pass out of the corner from Ron Yake and flipped it high over the Shamrock's goalie to put the Huskies ahead by a goal.

The Shamrocks tied the game on a power play in the first half minute of action of the second period after one of their forwards came around from behind the net and stuffed it in behind Colin Newell.

Half way through the

period Dave Nicholls took a pass from Ron Yake, stick handled through the defence and beat the Shamrocks on a quick shot into the top corner.

At the 4:37 mark of the third period the Shamrocks tied the game then went ahead 5-4 three minutes later. Ron Yake tied the game once more on a quick hard wrist shot after the face-off. Parry Sound made it 6-5 with four minutes left in the game and although the Huskies put on a lot of pressure in the dying minutes they simply ran out of time and the Shamrocks

headed home as winners.

Dave Nicholls continued his domination of the league's scoring race with two goals and a pair of assists. Ron Yake had his second four point game in a row with a pair of goals and two assists. Colin Newell played another strong game for the Huskies in the losing cause. Four of the six goals scored against him occurred during power plays.

The Huskies travel to Huntsville on Friday night then play host to first place Gravenhurst on Sunday at 2 p.m. This will be the last game of regular season play.

Beef producers hear red meat plan

Over 250 Victoria County beef producers heard The Honourable Dennis Timbrell, Ontario's Minister of Agriculture and Food, outline the new red meat plan for Ontario as it relates to beef cattle, at the annual meeting of the Victoria Cattlemen's Association last Thursday evening.

Mr. Timbrell emphasized that there will be a new beef cattle marketing agency established which will operate a single desk marketing system for all slaughter cattle sold in Ontario. The details of the agency's operation are being

developed in the next few months by a three man commission who will be meeting with the various segments of the beef industry to develop the details.

In addition, several new initiatives designed to improve the efficiency of the beef industry in the Province will be developed. Over \$60 million has been earmarked by the Province to fund these initiatives over the next five years. Mr. Timbrell hopes to be able to announce the details of at least some of these initiatives at the Ontario

Cattlemen's Association Annual Meeting on February 22 and 23.

Mr. Timbrell stressed that current market situations would be closely monitored to insure that these initiatives were not adversely affecting markets, and that there would be some specific qualifications which a producer would have to meet to qualify for participation in these initiative programs.

Mr. Timbrell indicated that over the past twenty-three months since he became Minister of Agriculture and Food he has met

with many groups of beef producers to discuss the various problems which exist in the industry at the present time. He indicated that the only comment which was unanimous across the groups was that something must be done to correct the problems. Unfortunately, the existing beef organizations were unable to agree on what course of action should be taken. The climax of this difference of opinion came with the results of the poll of beef producers regarding the refundability of check-off fees for O.C.A. last September. Mr. Timbrell indicated this situation left him no acceptable alternative but to proceed with the Red Meat Policy. He expressed his sincere hope that the people in the industry would participate in developing the plans and procedures in the next few months.

Sat., Jan. 21 - 7:30 p.m.
Haliburton County Farmers' Association Annual Banquet, Minden Arena.

Wheels to meals continue

by Marie Wallace,
Co-ordinator

Now that the festivities of the Christmas season are over, we are lining up the regular Wheels to Meals events. Many seniors are sitting at home just waiting for a social event to break the monotony. This opportunity to 'get out' can happen for them if volunteers will go to their home and take them to functions which we call Wheels to Meals. We have arranged these noon dinners in 5 areas of our County on a regular

basis, once every two weeks. For many this is the highlight of their week.

It is necessary to make a meal reservation so that the lodge or restaurant will know how many meals to prepare. All senior and disabled persons are invited to attend any of these meals, the cost is \$4.00 and you are welcome to stay for a social chat and play cards afterward.

I am listing all the locations and convenors along with upcoming dates:

Locarno-on-the-Lake,
Haliburton, Wed., Jan. 18,

Feb. 1, 15, 29, etc. Fred Love, 457-2725.

Guilford Grill, West Guilford, Tues., Jan. 24, Feb. 7, 21, etc. Ev Stata, 754-2204.

Lochlin Community Centre, Wed., Jan. 25, Feb. 8, 22, etc. Bessie Burk, 286-1829.

Reflections, Carnarvon, Tues., Jan. 31, Feb. 14, 28, etc. Elsie Bursey, 489-2899.

Wagon Wheel, Minden, Tues., Jan. 24, Feb. 7, 21, etc. Gloria Lemieux, 286-1139.

May I remind you of all the programs available to seniors through our organization: Meals on Wheels, Transportation, Friendly Visiting, Fone-A-Friend, & Home Help.

If you wish to know more about the programs, please call me at 457-2941.

Did you know?

by Ruth Foster

Did you know — that if you were born in the year 1919, it is time for you to apply for your pensions?

All Government pensions should be applied for six months ahead of time if at all possible, to ensure that you will receive your cheque on time.

Now, with those things in mind, Old Age Security is where we will start. To apply for Old Age Security you go to your nearest Post Office and ask for your application. That's easy!

Canada Pension is the next step. If you have worked over the years and have therefore paid into Canada Pension, you are eligible. To receive your application form for C.P.P., you should call or write the nearest Income Security Office. Our nearest office is Peterborough. The address is: 201 Charlotte Street, Box 845, Peterborough, Ont. K9J 7A2. The telephone number is 1-743-6500.

There are many specific qualifications that you must meet to receive your pensions but perhaps we can help clarify them for you. Our office has booklets entitled, "Are you Approaching 65? and Are you Eligible?" They explain many of the details.

Our office is open Monday through Friday 10 a.m. till 4:00 p.m. and we are located in the Drag River Municipal Building (across

from Emmerson Lumber) in Haliburton. Drop-in sometime or call us. The County Information Centre's phone number is 457-2733.

A note for those Seniors who are already on pensions. Your 1984 Statement of Income forms are in the mail and you should be receiving yours soon if you haven't already. Don't panic! We can help you fill it out. Just bring your income figures in for 1983. They only want to make sure they know how much your income was in 1983.

A bitter disappointment

- by John Eakins,
M.P.P. -

My colleague, Finance Critic Patrick Reid (Rainy River), has responded to the Provincial Treasurer's Statement of December 15, 1983.

Members of our Caucus had been eagerly awaiting this statement because opening up the budget-making process had long been a goal of our party. As David Peterson stated in a speech on the topic in June 1982, "The budget process is not just another academic problem. It is an area where practical politics makes reform imperative." As a first step, we had been pressing for this type of mid-year update of budget estimates and forecasts, given the inaccuracies which have been observed in the past.

The Treasurer's statement on December 15 was a bitter disappointment.

Rather than an objective overview of the recent economic climate and a review of options for the future, it was little more than an exercise in government propaganda intended to gloss over the harsh realities of our times. We had been promised "projections which set the stage for major policy decisions to be

taken in the spring budget", but received few of substance. On the major issue of the day, the statement said only "unemployment rates are projected to remain high", a self-evident inanity which tempts one to paraphrase Calvin Coolidge and add, "therefore, people will be out of work".

Especially disappointing was the fact that the statement did not fulfil its potential of establishing a valuable precedent in public policy decision making in Ontario. If the goal was really to lift "the veil of secrecy surrounding the development of budgets", much of value could have been achieved.

First, a review of the economic climate over the past several years could have been provided to enable all citizens to see where we were, where we are now, and how we got here.

Second, a range of policy options could have been detailed, along with a discussion of the pros and cons. Those options would include various taxation changes, reductions or increases in government spending, privatization of Crown Corporations or government services, etc.

Third, a set of forecasts could be given for important indicators such as employment and unemployment, GNP growth, retail sales, etc. assuming various policy changes. Against a "no change" scenario, economic projections would allow individuals to weigh the effects of, say, an increase in the retail sales tax versus the elimination of the policy secretariats. While the pre-budget statement touched on each of these areas, it touched

only selectively, leaving out the essential elements.

A selective review

The economic review covered only four and a half pages, with only the final page and a half related directly to Ontario. We were told that "retail sales, housing starts and employment growth have all been stronger in the provinces", but we were not told how much stronger, or compared with when ... Was this a year-to-year change, or since the onset, or perhaps the trough of the recession?

Undoubtedly, the area of greatest interest was the discussion of employment and unemployment ... We were told that since November

1982, 196,000 jobs had been created ... But we were not told how many jobs had been lost up to November 1982 (216,000 since September 1981) and thus how far we still remained from pre-recession levels (20,000) ... we were not told how much slower job recovery had been for young people ... or how unemployment had continued in 1983 at intolerable levels ... or how much of the growth in employment was in part-time work, where once there had been full-time jobs. In short, the people of Ontario were not given the whole story.

More on the response to the Treasurer's Statement of December 15 in next week's column.

Emily Skinner and Martha Waind, owners of Sandalwood Gifts, examine some of the merchandise in their new location. The proprietors held a grand opening of their new store Saturday. The shop features a gallery for original paintings as well as the fine crafts, books and gifts carried at the former location. The new store is located on Main Street next to the Minden Fruit Market.

Bicentennial grants

- by Bill Scott, M.P. -

Bill Scott, M.P., for Victoria - Haliburton, has announced the details of the newly formed Bicentennial of Ontario grants program. The purpose of the grants program is to allow all segments of the population to participate in this anniversary by reflecting on their cultural origins and their role in the history of the early settlement of Ontario.

A sum of \$1.5 million is available in grants to Ontario municipalities, public boards, voluntary organizations and cultural and community organizations. The grants are intended to cover the planning and organization of community-based activities to celebrate Ontario's Bicentennial in 1984.

Grant application forms will be available early this month and will be sent to Ontario municipalities, voluntary organizations, and cultural and community groups known to the Department of Secretary of State. After January 3, any community group may request a form from the Department's Ontario Regional Office in Toronto by calling (416) 966-6138.

The deadline for receipt of applications under this program is March 31, 1984. All applications will be

considered on a first-come, first-served basis. Organizations will be notified whether or not their application has been successful by mid-April and cheques will be ready for presentation starting in late April.

An Ontario Citizens Advisory Committee, consisting of seven individuals who represent various regions of the province as

well as a variety of community and business interests, has been formed to advise the Minister of Secretary of State on the allocation of the grants budget.

Further information on this program can be obtained by contacting either Bill Scott's Ottawa or Lindsay Constituency Office or the Department's Ontario Regional Office in Toronto.

Township receives planning grant

A grant of \$23,985 has been awarded to the municipality of Anson, Hindon and Minden to assist with the preparation of an official plan for the townships. The notification of the grant was sent out last week by the Ministry of Municipal Affairs and Housing.

The township has already begun the lengthy process of preparing an official plan for the area. A consultant has been hired and meetings with municipal officials have been held to clarify the information to be contained in the final document. A public meeting, one of several, was held to explain

the background material already gathered by the consultants, Robert Lehman Planning Consultants Ltd. Other meetings with the public are scheduled for the future.

According to a schedule prepared by the consultants, the preparation of the plan should take just over a year. The final draft is not expected until late fall of this year.

According to the ministry announcement, "The grants are designed to encourage municipalities to resolve land use planning issues to reflect municipal and economic priorities."

Farmers' Association news

by Ernest Hills

The annual meeting of the Haliburton County Farmers Association was held Tuesday, January 10th, in the Minden council chambers. The meeting was extremely well attended, with many new faces apparent. In part I hope that this was an indication of the interest and enthusiasm in the new-look of the Association.

Our guest speaker at the meeting was Mr. Bob Robertson of Woodville, who is an alternate director representing the Victoria Cattlemen in the Ontario Cattlemen's Association. Bob gave an entertaining and informative slide presentation on last summer's trip by the Victoria Cattlemen to Colorado.

The scenery was breathtaking, and is often the case, there is much to be learned from the agricultural operations of others outside our jurisdiction. On behalf of the County Farmers' Association I would like to once again express our thanks to Bob Robertson for a terrific presentation.

Also addressing the gathering was Ross Warburton, who gave a wrap-up of his year as county representative to the Ontario Cattlemen's Association. These positions are inevitably time-consuming and demanding, in seeing that the agricultural interests of our community are represented within these organizations. We would like to express our gratitude to Ross for his admirable representation over the past year, and his input to the Association.

Election

The annual meeting of course features the election of officers for the coming year. This year the position

of president was vacated, as Ray Welch had come to the end of his two year term in that office. Ray proved to be a strong and moderate helmsman for the Association during a turbulent period of introspection and rejuvenation. In recognition of his outstanding contribution to the agricultural community of Haliburton County, Ray takes a place at the executive meetings, as past president, where I'm sure he will continue to provide input and ideas to the ongoing activities of the Association.

For the coming year Randy Warburton assumes the president's position, Ernie Hills will represent the Association as vice-president, and Maureen Warburton continues as secretary-treasurer, to which she has proven herself time and again to be such a priceless resource within the organization.

Fragmentation

This past summer a cry of 'fragmentation' went up within the organization. It was directed at the new Goat Society which had formed, and signaled an end to the old format the Association had followed. The directorships were expanded from six to eight, and the regional representation was dropped in favour of representation on the basis of agricultural pursuits.

In the spirit of co-operation which exists within the agricultural community of Haliburton, and which makes our organization unique, three members of the Haliburton Highlands Goat Society now participate on the executive of the Farmers association. Both Sharron Greer, who is director in charge of small animal husbandry, and

Maurice Bradley, who is director in charge of liaison with the fair boards and/or farm tour co-ordinator, are dynamic individuals with ideas and contributions which can only assist the association's objectives.

The entire slate of elected directors represents a strong and active participation in the direction the association will take over the next year. Ingram Wessell becomes a director of large animal husbandry, and our representative to the Ontario Cattlemen's Association.

Three positions represent horticultural pursuits within the area. First, Godfrey Tyler becomes a director for soil and crop. In addition to representing the association at the soil and crop conference this year Godfrey takes on the challenge of organizing a more active test-plot program within the county. Seed and forage director is Casey Cox. This position includes pasture management and overseeing the lime committee. Finally, in

charge of the farmers' market committee this year, and director of market gardens is Bill Elliott.

Bill's wife Hazel Elliott takes on probably the most demanding, yet crucial aspect of the new format, that being the establishment of a more active, high-profile, and responsive 4-H program within the county. Last but not least, Tim Casey will represent the maple syrup producers, under a directorship which includes forest management.

In all it looks like a great year, with more informative meetings, good speakers, and a lot of fun for everyone. For those of you who are actively involved in some aspect of agriculture, but are not members of the Haliburton County Farmers Association please don't hesitate to call the appropriate director, myself, or the Warburtons for more information on our goals and objectives.

"WHERE THE ACTION IS"

around the county town

Call 286-1288 — 9 a.m. - 4 p.m.

The Minden Figure Skating Club's Annual Carnival Presents "Around The World". This year's special guest skater is Miss Tracey Wainman, Canadian Senior Champion in 1981. Plan to attend the Minden Arena at 2 p.m. on January 29, 1984. Admission: Adults \$3.00, Senior Citizens \$2.50; Children - 12 and under \$1.00. Pre-Schoolers Free. Tickets available at the door. For further information call Nancy Garbutt at 286-1843.

Congratulations to Frank and Sandra Anderson (nee Trumbull) on the occasion of their marriage which took place last Saturday evening at St. Paul's Anglican Church in Minden. A large group of friends and relatives (many from out of town) joined the happy couple for a reception and dance at the Community Centre.

Congratulations and best wishes also to Will and Jalna Wolfram (nee Stromberg) on their wedding last Saturday at the United Church manse. The couple will be residing in Minden. Serving as best man was Gary Stephenson and Maid of Honour was Tracey Henderson.

Minden Agricultural Society will hold their annual meeting in the Council Chambers in the Municipal Building at 7:30 p.m. on Wednesday, January 25. Everyone welcome.

On Monday, January 30, a workshop on local services and programs for children will be held at Archie Stouffer Elementary School library. See the ad on the classified page for complete details.

We were very sorry to hear that Mrs. Eleanor Pye of North Water Street is presently in Peel Memorial Hospital, Room 140, in Brampton. We trust she will be back soon, fit and well.

Winners in last Thursday afternoon's card party at St. Paul's Parish Hall were: lone hands - Verna McDonald, Charlotte O'Neil and Muriel Proctor. Cribbage - Dora Dawson and Lil Porter.

Next weekend's going to be a very busy one for the Kinsmen Club during their annual Winter Carnival. There are lots of things in which to participate or just watch and enjoy. We hope all you kids are out there entering the snow sculpture contest. We've seen some weird and wonderful ones in our time and hope this year will be a huge success. The

Kinsmen and their many friends have worked very hard to make next weekend an enjoyable one for all of us. See you at the Carnival.

Another highlight of the annual Winter Carnival is the roast beef dinner put on by the ladies of Zion-United Church UCW in Carnarvon. Don't miss it.

Drop in to the Agnes Jamieson Gallery to see the regular exhibit of the late Dr. Jamieson's artwork. It's a nice place to drop in and

meet friends, co-ordinate your visit with a visit to the Library, select some pleasant reading for these cold winter nights. Nothing nicer than curling up with a good book on a bitterly cold night.

Monday night is Euchre Night at Club 35 on Hwy. 35 at Halls Lake. The following are the scores reported by our old friend Alex Stevenson. High score Ladies - Minnie Dawson. High score Mens - Art Hunt. Lone Hand - Wally Ackersblade. Other winners for the evening were Bruce Cummings, Verna Sawyer and Edith Russell.

senior league

by Bert Harrison

A week of January has gone by. I try to do my best, to tell you all that is happening here at Hyland Crest. We have Annie Cox back from hospital in time to celebrate her birthday, we are so glad she is back. Congratulations Annie, we would like to say, and hope you will be feeling better with each passing day.

Interesting service in the chapel Sunday night. The Thompsons came to do their part and Rev. Burgess, bless his heart, always has an interesting message to impart.

Down at fun and fitness playing bucket ball, Isabella Avery made the highest score of all.

We had quite an experience here Sunday night, the fire alarm went off and gave us quite a fright, we thought we might have to go, dressed not too warm out in the deep snow. As this letter we do pen nice to have Ruby Graham back in the kitchen again. The ladies are working in the craft room, I don't just know what they are doing, they are working quite agreeably, I don't hear any chewing.

Mrs. Della Curry's son and grandson came to call, then they had to go to shovel their cottage roof off and found four feet of snow. Rev. Burgess took the service in the chapel Tuesday in the absence of Rev. Wicks who had to be away. He spoke on the life of Joshua who lived to be one hundred and ten, he was a good old patriarch who lived up to his word. "Choose you this day who you will serve, as for me and my house we will serve the Lord."

Watched three movies Tuesday afternoon "The Caravana", "Flowering Desert" and "Apple Doll". Our girls tried to bring in movies to show us that are interesting to all.

Wednesday night Cooper and Owens came to us again,

Kathy with her accordion and Earl with his fiddle and mandolin. They entertained us royally with music and song, they sure have what it takes, we thank them for coming all the way from Grass Lake.

We are having real cold weather but we are surely blessed with nice warm rooms and lots to eat, here at Hyland Crest.

The ladies of the Kinette Club brought in a tasty lunch this Thursday afternoon, served it up so nicely, we played them snappy tunes and we would like to say, thank you for coming this cold January day. Someone we have missed around this place for quite a while is Rachael Fearrey with her cute little smile. We looked in the kitchen she just isn't there, but am sorry you are at home in Extending care.

The bingo was conducted Thursday night by Lewis and Jason Stevens and Steven Crowe called the numbers and put on a real good show.

Our entertainers came again Friday afternoon. Grace Coburn to lead the singing Fred Ballard to play the tunes. Grace always has some humorous poems too, we say to both a big Thank You.

Payne and Deacon came Friday night with music and song. They entertained us for an hour or more, so glad they came along. They don't come Tuesdays any more, it interferes with curling so they come Friday night instead and really set things whirling.

Blast Off

There was a young chap from Rome
Was cleaning his pants in his home,
He used gasoline,
'Twas the last ever seen,
Of him, or his pants, or his home.

Bert Harrison

by Jean Lacey

Hi kids!

Here is another puzzle for you. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward,

backward and diagonally. They are all in a straight line and do not skip letters.

It's as easy as that. Have fun.

Q: How does a werewolf file its claws?

A: Under the letter C.

Q: Why did the monster name his two sons Ed?

A: Because two Eds (heads) are better than none.

Q: What always follows a werewolf?

A: His tail.

Q: Where does a ghost go for entertainment?

A: To one of its favourite haunts.

Q: What do dragons do to relax?

A: They let off steam.

Q: What is the difference between zombies and darned socks?

A: One is dead men, the other men-ded.

"IF YOU LOVE YOUR DOG!"

REMEMBER "DUKE"

HE PLAYFULLY CHASED A DEER OUT OF HIS YARD. THE DEER WAS NOT HARMED. WHILE HIS OWNER STOOD TEN FEET AWAY TRYING TO COAX HIM BACK A CONSERVATION OFFICER SHOT DUKE TWICE IN THE HEAD. "IF YOU LOVE YOUR DOG" - WRITE FOR CHANGE TODAY. TOMORROW MAY BE TOO LATE!

(Basically under current MNR policy, if a dog is caught chasing a deer, and the deer is unharmed, the dog may be killed. A dog who causes the death of a deer, is returned to his owner who is fined \$50.00)

Send your stamped envelope to:
Mr. John Eakins, M.P.P.,
Constituency Office,
1 Russell Street East,
Lindsay, Ontario.
K9V 1Z7

Please tell Bill Davis I support the distribution and use of weapons designed to immobilize, not bullets, to stop dogs caught chasing deer, and I support heavier fines for dog owners.

Thanks a million. IC

IN MEMORIAM

COX, Lyman - In loving memory of my dear husband who passed away January 20, 1983.

Though your smile is gone forever,
And your hand I cannot touch,
Still I have so many memories
Of the one I loved so much
Your memory is my keepsake,
With which I will never part,
God has you in his keeping
I have you in my heart.

Lovingly remembered always by wife, Mary.

COX, Lyman - In loving memory of our dear father who passed away January 20, 1983.

What we'd give if we could say
Hello, Dad, in the same old way;
To hear your voice, see your smile,
To sit with you and chat a while.
So you who have a father,
Cherish him with care,
For you'll never know the heartache
Till you see his vacant chair.
Sadly missed by Ron and Shirley, Beryl and Goldie, Shirley and Garth, Basil and Darlene, Allan and Lyndell, Wayne and Lynn, Ken and Carol, and grandchildren.

HEWITT, Sterling - In loving memory of a dear son, brother, uncle Sterling taken from us January 19, 1974.

We loved him, we miss him,
Each day of our lives.
His curly hair, his laughing blue eyes.
His friendly smile,
His helping hand.
God needed him more than we
It was so hard for us to see.
We hope to meet him by and bye
Within Heaven's gates beyond the sky.
Never forgotten, Mom, Moyer, Elaine, Opal, Joy, Valorie, and families.
